

LET'S LEARN ABOUT

STEAM

STEAM Adventure Academy
Afterschool Program comes to BCA!

We are excited to announce the launch of our STEAM Adventure Academy Afterschool Program at BCA1, in partnership with Once Upon Adventures! STEAM Adventure Academy will replace Aftercare at BCA1!

WHAT IS STEAM ADVENTURE ACADEMY?

This action-packed Afterschool program brings the educational value and thrill of computer games to life! Students will explore Science, Technology, Engineering, Art and Math in a fun, hands-on, collaborative and engaging way!

Beginning with a Secret Mission, students will embark on an epic quest, working together to solve mysteries and conquer STEAM challenges along the way!

Throughout their Afterschool STEAM adventure, students will strengthen and develop their skills in:

Engineering, STEM Robotics, Game Theory, LEGO, Problem-Solving, Innovation and Creativity, Logic and Reasoning, Teamwork and Leadership.

STEAM ADVENTURE ACADEMY AFTERSCHOOL PROGRAM

Into the Wild: Rainforest Adventure

Half-program: 3:00–4:30

Full-program: 3:00– 6:00

Join us for an exciting animal search-and-rescue mission in the tropical rainforest! This action-packed adventure will take explorers through rainforests of Costa Rica in search of a lost baby sloth, capybara, toucan and red-eyed tree frog. On their journey, explorers will encounter unexpected problems to solve together and tackle the many STEAM challenges they face. They will explore the rainforest ecosystems, learn about the importance of conservation, sustainability, biodiversity, and meet many unique and adorable animals along the way! To complete their mission, explorers will need to use their problem-solving skills and teamwork to locate the animals and return them safely to their rainforest wildlife sanctuary in Costa Rica!
