3-Day Critical Medication Authorization Form

Healthcare Provider and Parent or Guardian: In the event the child needs to remain at the program past usual hours, a 3-day supply of Critical Medication(s) must be kept at the program. This life-sustaining medication is usually given when the child is not in care. Examples may include certain diabetes, seizure, or asthma medications. A new 3-Day Critical Medication Authorization Form should be completed if there are changes to the medication or child's health condition.

Program Staff: This life-sustaining medication will only be given if the child needs to remain at the program past usual hours. Each 3-Day Critical Medication must have its own 3-Day Critical Medication Authorization Form. Never give an expired medication. An expired medication must be replaced, and the updated expiration date must be added to this form.
